### Overview of Charity

St John's is a thriving church serving its community in the heart of the rural village Bishopston. We currently run 8 outreach projects a week, providing social activities and friendship building opportunities for all age members of our community.

### Overview of Project

We have identified a specific need within our community. We conducted a recent survey and found that over 60% of our parishioners feel isolated and lonely with 40% going 2 days without having a conversation.

In response to this clear community need, we are going to set up a *Leaving Loneliness Behind Hot Line*, which community members can call if they are feeling lonely, need something, or just want a friendly chat. It will be run by volunteers and in partnership with the local secondary school.
